

# Amruta Sunil Magar

Software Test Engineer

Email Id:-amrutasunilmagar@gmail.com

Cell No:-8799939368/8149661139

## Objective

---

Aspiring for challenging assignments in Software Testing with a reputed organization. Skilled in complete end to end validation process with Investment and Telecom Domain projects that comprises of Manual, Automation Testing using Selenium Web driver, SQL and API Testing

## Carrier Summary

---

An astute professional with 3.4 Years of functional experience in Black Box (Manual Testing) that includes Functional, Non-Functional, Globalization, API Testing and Automation Testing (Selenium Web driver with JAVA) with reputed organization

## Work Experience [Manual, Automation, Database, API]

---

- A detail oriented professional with 3.4 years of experience in Software testing that includes experience in Manual and Automation Testing with expertise in Investment Banking Domain and Telecom domain.
- Strong experience in the entire Software Development Life Cycle (SDLC) and Software Testing Life Cycle (STLC) and specialized in Validation.
- Implemented Agile Methodology process in the project.
- Thoroughly involved in different types of testing's like Smoke, GUI, Functional Testing, Re Testing, Regression Testing, UI Testing, Globalization Testing and Database Testing using SQL, API Web services testing and Browser Compatibility Testing.
- Participate in Scrum meeting to discuss about project progress report every day.
- Prepared weekly status Report.
- Handled defect log using defect management tool such as HP ALM 12.5, JIRA and prepared daily test status reports to communicate the test status with the team.
- Idea in Test Case Prioritization & designing test data properly
- Debugging and running the Tests
- Experience in Agile development methodologies
- Experience in using other automation tools is added advantage.
- Understanding of Functional and Regression Test Automation.
- Extensive experience in developing SQL scripts to validate the databases tables and reports data for database testing using DML and DDL commands.
- Design functional test cases for all the required features /stories as required
- Proposing and implementing innovative solutions to resolve automation challenges
- Analyse & Review Execution , Prepare Test summary & Reports, Troubleshooting failing test cases
- Reporting and tracking defects
- Active participation in the client calls and meetings
- Knowledge of JAVA, OOPS Concept, Collection framework, Array and String class.
- Able to run the test cases for all browser namely IE, Chrome and Firefox.
- Strong Knowledge in developing the scripts using TestNG annotations.
- Good Experience in software test automation of Large-Scale Web Applications. Should have experience in designing and developing scripts. The automation experience should not be only of record and playback kind, should be specifically involved in developing functions, adding control flow logic, loops etc.

- Good experience and knowledge of Automation tools and respective environment, which should include Selenium Web Driver
- Good Knowledge in Understanding Selenium Commands
- Should have good understanding and experience of Manual Testing, related processes and Test Case Automation Readiness preparation.
- Experience in Build Management Tool which is Maven for the Data Driven Framework.
- Worked on Repository management tool like GitLab and Continuous Integration tool like Jenkins.

## Professional Experience

---

Working as a Software Quality Analyst in Mind tree Private Limited, Pune from March 2019 to till date

## Technical Skill Set

---

- Desktop Operating Systems :Windows Family and Unix
- Languages : C,Java and SQL,Python
- Database : Oracle 11g, MYSQL
- Bug Tracking Tool : HPALM 12,JIRA
- Automation Testing Tool : Selenium Webdriver,Gitlab,Maven Project
- Web Service Testing:- Rest Assured with XML &JSON ,RESTApi,SoapUI

## Educational Qualification

---

Master of Engineering from Pune University

## Projects

---

### Current Project

Project Name : NPBFX

Domain : Investment Banking

Client : NPBFX, UK

Testing Methodology: Functional Testing, Database Testing and Automation Testing

### Role / Job Responsibilities:

- Analyzing & validating the completeness of business requirements.
- Generating the Test scenarios and Test cases.
- Generating Regression Test scripts by extracting the requirements that need to be tested from available documentation and/or liaising with the relevant people.
- Developed Automation Test Scripts.
- Creating POM (page object model) and Test classes for the framework.
- Retesting defect fixes on each release build.
- Performed Smoke, Functional, System Integration, Retesting, Regression testing.
- Experience in Designing and implementation of TestNG framework with Web driver.
- Performed parameterization to implement Data Driven framework.
- Conduct Internal Test Case Peer Reviews.
- Experience in Web service Testing (involve Rest assured and tested both XML and JSON Format).
- Propose improvements to current practices ensuring that approved enhancement are fully implemented and the repeat errors are eliminated.
- Performed Smoke, Functional, System Integration, Retesting, Regression testing.

## Previous Project

**CRM –**            **Bouygues Billing and CRM System**  
**Client :**        Bouygues Telecom, France  
**Domain:**        Telecom

### Role / Job Responsibilities:

- Understand the requirements and clarify the doubts with BA.
- Responsible for understanding the Database schema and ER diagram.
- Verifying database schema as per given design document.
- Checking data integrity and data correctness.
- Checking the logs using UNIX.
- Writing down complex SQL queries.
- Execute SQL queries to check table updates and data retrieval.
- Logging the bugs in Defect Tracking Tool.
- To test back end functionality of an application.

### Personal Information

---

- **Name**                : Amruta Sunil Magar
- **Languages Known** :English, Hindi ,Marathi
- **Current Address** : Pune

### Declaration

---

I hereby declare that the above written particulars are true to the best of my knowledge and belief.
